DigiCo D5T for "A Chorus Line"

With 6,137 performances on its original 1975-1990 Broadway run, A Chorus Line is one of the most successful musicals in American history.

GML Gear Perfect for the Wombats

The Wombats have earned respect and well-deserved hype for their debut album and EP.

In particular four KK200 satellites were installed so as to be hidden in the corners of the walls and two KS4 subwoofers were integrated in the walls.

The installation was performed by Abc s.r.l., while the design and projects were by Countrylab. www.k-array.com
